Rotation 2:

Please identify you mentor selection:

Student Signature

Mentor Signature

The above named student will be transferred to the mentor's funding on January 10th this year. By accepting this student, you are agreeing that you will be responsible for the student's stipend, tuition, fees and single coverage health insurance. Current stipends for Neuroscience PhD students are \$31,000.00

*Signature by the Director of the School of Neuroscience, or head of your department indicates that should the mentor lose funding, the student will continue to be supported through your department. In exceptional circumstances, the Director of the School of Neuroscience may sign for other departmental chairs.
